 Madurai, Tamil Nadu

Enthusiastic Electronics and Communication Engineering student with skills in Python and software development fundamentals. Eager to leverage technical knowledge, problem-solving abilities, and a passion for learning to contribute to innovative projects and build a successful career in the IT industry.

EDUCATION

KLN COLLEGE OF ENGINEERING

Bachelor of degree in Electronic and Communication Engineering
CGPA - 8.4 (upto 5th sem)

(2023-2027)

ST JOSEPH MATRICULATION HIGERER SECONDARY SCHOOL

Higher Secondary Certificate - 67.6%

(2022-2023)

PROGRAMMING SKILLS

- Python basics
- C Fundamentals

TECHNICAL SKILLS

- PCB design using Proteus
- IOT Fundamentals
- Verilog HDL

CERTIFICATIONS

- Cloud Computing using python and Digital Marketing Internship Certification
- IOT based mini project participation certification
- Participation Certificate on creating pen and pad for children with special disability

TECHNICAL INTERESTS

- Software Development
- VLSI Design

WORKSHOP

PCB Design Workshop – K.L.N. College of Engineering & TPM TechMax | Jan 2026.

Covered PCB design fundamentals, schematic-to-PCB workflow, component placement, and routing techniques.

INTERNSHIP

Cloud Computing Using Python

Elysium Technologies Pvt. Ltd. | Dec 2024

- Worked with cloud services including compute, storage, and networking. Applied Python for automation, API interaction, and cloud-based project tasks.

PROJECT

IOT Sensor Fusion For Dairy Quality Detection

- Designed a smart dairy quality detection system using multiple sensors.
- Enhanced detection accuracy and real-time freshness monitoring through sensor data processing.

TOOLS KNOWN

- Vivado Xilinx
- Cadence
- Arduino IDE

LANGUAGES

- Tamil
- English

HACKATHONS

Institute Level Internal Smart India Hackathon (Pre-SIH 2024)
SmartWrite: Assistive Writing System for Children with Learning Disabilities – Participated in a team-based hackathon project focused on assistive learning technology.
